

CAP Directors Report

June 2020

Adult Athletics

All adult athletics (group fitness and the fitness center) programs have been suspended until further notice. Preparation for the Fitness Center became the main focus for Adam and Mike throughout the month of June. New signage, rearranging of equipment and deep cleaning placed us in a position to comfortably open on July 1.

Adult Enrichment

All adult enrichment programs have been suspended until further notice.

Aquatics

The theme for Kathryn and the pool staff for June was “prep”. With a planned reopening for July 1, the pool staff spent the month of June prepping the facility for the public. Tasks included cleaning, reorganizing, setting up the online swim reservations, helpful reopening document and even some touchup tile work.

Kathryn and the pool staff with the help of Adam’s video editing skills put together a few videos for both staff and the public. See the public’s video <https://youtu.be/aUhAbIObLKo>

CAP CARE

In June, CAP CARE began Day Camp two weeks earlier than originally planned to accommodate families needing full time care. During the first week, Day Camp had 15 children scheduled. Each week following that the numbers increased. Day Camp divided the 4K and Kindergarten ages into two classrooms which allowed them to have no more than 15 children in each group and met the new Forward Dane guidelines. The children have enjoyed outside water, sprinkler, and slip and slide play daily along with biking every Tuesday.

Professional development has continued with staff and Meghan is working towards completing the Pyramid learning class and began her Preschool Credential class.

Mandy continued to work at the food pantry every Monday night and Thursday for truck deliveries when the schedule allowed.

Community Café

The Community Cafés have been suspended until further notice.

Food Pantry

The Food Pantry served 110 households in the month of June, including 156 adults, 21 Seniors and 72 children. The drive-up, no contact procedure for food distribution is still in place. A summer Blue Jay Backpack Program was initiated in June with 7 families participating. The backpacks went out every 2 weeks with 21 backpacks distributed.

The remodel on the new food pantry space is getting off the ground. Paint, flooring and electric work was scheduled for early July.

Ripley Park

In the month of June, Ripley Park was able to fully open all of its amenities. The only restrictions that stayed in place were that shelter reservations had to be parties of 50 guests or less. The park was busy most days in June with patrons being respectful of the 6' social distancing guidelines. The Cambridge Foundation's Park Improvement project officially began. They have decided to move forward with phase one this year and they were able to break ground in June. Due to the heavy equipment moving in and out of the park, the disc golf course is temporarily closed till the project is completed.

Seniors

All senior programming have been suspended until further notice.

Youth Athletics

All youth athletics programs have been suspended until further notice.

Youth Center

The Youth Center did not operate in the month of June.

Youth Enrichment

All youth enrichment programs have been suspended until further notice.

New Hires

Blackwood, Hannah (Aquatics)
Fisher, Charlie (Ripley Park)
Ganzow, Michael (Ripley Park)

Respectfully Submitted,
Lesli Rumpf, Executive Director
