

CAP Directors Report

July 2021

Adult Athletics

Beach Yoga is back for another session utilizing Ripley Park's beach. Adult Open Gym Basketball continues with normal numbers, and the group appreciates the newly waxed floors!

Adult Enrichment

There are no Adult Enrichment programs happening at this time.

Aquatics

This month finishes our programming for the Spring/Summer brochure offerings with registration for the Fall/Winter starting August 11th. The second summer session of group lessons finishes next week. In the month of July, we had 20 private/semi-private lessons scheduled that will carry into August. Master's summer swim will also be coming to an end in August with our instructor, Zeus, returning in October. Our next set of group lessons will occur in September. Our Fit After 50 and Aquacize classes continue and have steady numbers. In the month of August, I will look to promote a couple more Head Guards for Fall. They will be required to fill out an application with an attached resume as well as go through the interview process. Head Guard training and shadow shifts will then take place in August for those promoted.

CAP CARE & Preschool

In July, two staff members completed an 18-hour class: Pyramid Model, Supporting Children's Social Emotional Development. We also had a staff member complete an 18 credit course earning a preschool credential to help support our new friends in the fall.

Day Camp Field trips included the Jefferson County Fair, a performance by James the Magician, the Jefferson Aquatic Center, and Skyzone. The kids have also enjoyed building with the new STEAM cart and celebrating the Olympics.

Art and Play hosted two more classes of 16 children, one of which was hosted at Lake Ripley Park which the children loved.

Registration is filling up for the 2021-2022 school year. CAP CARE now has a waitlist for Imagination Station.

Registration Information

3 K	3
4 K	15
Kindergarten	5
1 st Grade	7
2 nd Grade	17
3 rd Grade	8
4 th Grade	7

*confirmed for 2021-2022

Community Café

The Cambridge Food Pantry and the Cambridge Area Resource Team (C.A.R.T.) hosted the Community Cafe on July 1. The Cambridge Foundation is on deck to host the Cafe on August 5.

Food Pantry

The Cambridge Food Pantry served 68 households in the month of June including 25 adults, 14 kids, and 29 seniors. Several families chose to shop online and pick up groceries via our online google order form. The pantry also added two new households in July.

Ripley Park

Ripley Park had a great 4th of July weekend. We did encounter a couple days of water advisory in the middle of the month and an advisory and closure at the end of the month. It was able to open back up the day before Lake Ripley Ride. Even with the advisory, closures, and rain days the park served over 8200 guests not counting the individuals attending the Community Cafe and Lake Ripley Ride. Gate revenue was over \$13,000. The concession stand sales were over \$4,000 for the month of July which is \$400 more than 2020. Shelter rentals have still been going strong with an average of three a weekend. This number has also surpassed last year's numbers. New marketing and reservation information is being created to generate more reservations for next year.

Seniors

Senior Luncheons continue to be well attended. We had two luncheons with the first being at Ripley Park with Heather grilling hamburgers and brats and the other at Anew Vintage Dream with Cambridge Market catering. Anew Vintage Dream donated the materials for the painting craft that they had participated in. The calendar has been filling up with performances and activities scheduled until the end of the year. We are still exploring unique ideas for activities/performances, venues and food options.

Youth Athletics

In July, Teener / Pony / Little League / Coach Pitch / Tball finished up their seasons. The numbers were great across the board and each program had a positive experience. Our mix of skills stations and gameplay at the coach pitch and Tball level proved to be constructive and fun for the groups. The feedback from parents was great!

Our baseball teams competed well at their levels and the volunteer coaches did a great job at keeping the kids active with consistent practices with our shortened game schedule.

The softball season continues into August with a couple of regular season games and then onto their End of Season Tournament. The season has been going well for our U10/U12/U14 teams.

Youth Center

The Youth Center's summer hours are only on Tuesdays and Thursdays at 12:00 - 4:30pm. The numbers have been small but have not been overly marketed due to Heather being the only staff member. We are starting to look for employment for the school year.

New Hires

No new hires in the month of July.

Respectfully Submitted,
Jordan Nichols, Executive Director
